

Master Practice Minutes

Resident Successful Aging

Learning Objectives:

- Discover ways to support resident successful aging
- Help new residents identify how to contribute by sharing their interests and passions

Tips from Acacia Creek:

- Never say no, always look for a way to brainstorm
- Support resident to share their passions/interests
- Effectively use photos and stories to inspire others towards successful aging

Questions:

- What has been successful with adding purpose to the programming?
- When do you know when a program has run its course or when it's time to re-vamp it?
- How do you generate interest for programs?
