

# **Green Practices**

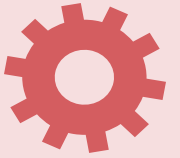

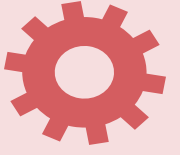

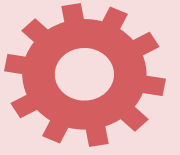

## **-Cathedral Village**

"Our greenhouses encourage people to connect with plants, with one another for greater wellness."

-Ruth MacCarthy, Horticultural Therapist

### **About the Greenhouses:**

-  Dedicated 2,700 Sq. Ft. for two greenhouses
-  One tropical and one arid greenhouse
-  On-site horticultural therapists
-  Education promoting resident and team member engagement in the physical, social, intellectual and spiritual dimensions. Examples include gardening lessons, botany classes, bird and insect observation.
-  Programming examples include: Creating a Zen Garden, Sensory Garden and gazebo to support plant based therapy.
