

Centers for Successful Aging

Review Participation Calculation Explained:

A minimum average of 45%* participation from the previous two review campaigns (or 24 months) for Independent Living and Assisted Living (if applicable) for both reviews is required.

Review Campaign 1:

Lifestyle Reviews completed (IL & AL) ÷ Total Census (IL & AL) = %

Mobility Reviews completed (IL & AL) ÷ Total Census (IL & AL) = %

Review Campaign 2:

Lifestyle Reviews completed (IL & AL) ÷ Total Census (IL & AL) = %

Mobility Reviews completed (IL & AL) ÷ Total Census (IL & AL) = %

Participation = Average of all four %

*While 45% is the minimum participation required to apply, 50% is needed for full credit within the criteria.
