

Ah, Wine

By Carole S.

The elixir
of the gods
when enjoyed
in moderation.

The devil's destroyer when
consumed for a numbed vacation.

How versatile is this liquid that
takes many years to create. How quickly
it can enhance or slowly annihilate. So
enjoy the symphony of the colors as they pass
smoothly over your palate. Let the quality
of each sip from the glass be easily relished
Avoid the total amount toward numbness
To enjoy the fullness of life!
